Article – We understand that a newsletter is not a political forum and we would like to keep that way but the recent media frenzy about immigration laws calls for the expression of everyone's opinion. I came across an article in The People News which says that a Milwaukee, Wisconsin based Spanish newspaper El Conquistador, has asked US Attorney, James R. Dedrick to conduct an investigation to the possible violation of Civil Rights by the Bradley County

Sheriff's Department and whether Bradley County Deputy Sheriff Shane McKee should face federal charges for violating Civil Rights because he asked Wenceslao Garcia, a resident of Wisconsin, if he was a US citizen after being stopped on Interstate 75 for a May 13 traffic violation. After Garcia refused to answer, McKee called Immigration and Customs Enforcement (ICE) to the scene where Garcia was taken into custody and later deported. The newspaper's question is if you would support a change in the law to allow any sworn law enforcement officer to ascertain the legal status of those stopped for any violation, traffic or otherwise. The full article and the online survey can be found at: <http://www.thepeoplenews.com/>
