- Sergeant at Arms: Eric Guffey – 423-745-9552

Tennessee Youth Conservation Corps - *PROJECTS ACROSS TENNESSEE OFFER YOUNG PEOPLE OPPORTUNITIES TO LEARN ABOUT CONSERVATION AND DEVELOP NEW SKILLS.*

The Tennessee Youth Conservation Corps is accepting applications from young people ages 16 to 24 for positions working in Tennessee State Parks and Natural Areas in June and July. The program is designed to engage young people with a hands-on conservation experience at State Parks and Natural Areas. The new program was created in the tradition of the Civilian Conservation Corps, which built parks and a range of public projects across the United States between 1933 and 1942. Students who have an interest in protecting the natural resources of Tennessee and a desire to learn about resource management in State Parks and Natural Areas are encouraged to apply. The program is open to Tennessee residents who are high school or college students ages 16 to 24. Projects have been identified at parks and natural areas located in both urban and rural settings across the state. Typical projects will include native plant restoration and invasive plant removal, trail construction and maintenance and restoration of structures in historic areas. Educational programming will be included as part of the program. Applicants should apply directly to the TYCC project of their greatest interest. The application deadline is April 18. To apply for the Tennessee Youth Conservation Corps, or to learn more about the program, visit the Web site at www.tnstateparks.com/tycc or call the TYCC Program Manager at (615) 574-5176. For more information contact: Tammy Heise: Office (615) 532-0929
